

DVD Label Template

Instructions for submitting your DVD duplication orders:

Preferably, materials for duplications should be presented on a DVD-R master.

Label art files should be presented on a separate CD

Acceptable file types for DVD-R Duplication label art: 300 dpi jpg, tif or bmp.

Acceptable file types for DVD Replication silkscreen labels: Please use Illustrator/Quark files whenever possible; and when doing so, make sure ALL the fonts are converted. Other file formats (psd, tif, jpg, etc) are acceptable however text on final cd may have a slightly jagged appearance.
